Mysore Government Secretariat

Serial No. 5

A&F Dept.- Forest 'B' Section

The Director of Horticulture wanted 20 acres of land in Ananthapur Forest S.No.44, Badami Taluk to be transferred to his department for taking up fruits and vegetable cultivation in view of good soil and water facilities in that area. A report had been called for from the C.C.F. and the same is at pages 7-9 c/f. which may kindly be perused. It is learnt that the Forest Department has already raised nurseries in this survey number and that the silviculturist is also establishing nurseries in the same survey number for experimental purposes on a large scale. In these circumstances, since the area is required by the Forest Department itself, it may not be possible to spare the same to the Horticulture Department. If agreed to the D.H. will be replied that it is not possible to comply with his request.

22/4/64

of 20 Ac out of the S. No. for the use of the Deptt., From the report of the CCF, it can be seen that there is a Silvicultural Research Plot, Anganplot and bamboo areas in the S. No. which is meant for observation. Moreover, large areas are required for raising Seedlings to Vanamahotsava, etc., Since the CCF has recommended only 5 Ac out of 20 Ac required for release, it is for orders whether we may release the area in consultation with the D.H. or address the D.H. to select

12) In view of the orders at para 7 n/f, the CCF had been asked to reconsider the matter and to send a report to Government and his report has since been received which is at page 13 c/f. The CCF has stated that there is Silvicultural Research Plot, Anjanplot & bamboo area in FS No.44 meant for observation. This apart, large areas are required to raising seedlings to Vanamahotsava. Taking into consideration that sister department viz: Horticulture Department is keen in having some area in this survey number for their use, he agrees to transfer of 5 acres of land to the Horticulture Department. In view of this, it appears desirable to address the D.H. as ~~to~~ 5 acres (which alone could be released) would serve his purpose. In case this area is not sufficient, then there will be no use in releasing this land in favour of the Horticulture Department.

GOVERNMENT OF MYSORE

No. HDMu/303/63-64.

Office of the
Director of Horticulture in
Mysore, Lalbagh, Bangalore-4,
Dated: 20-1-1964.

21

To

The Chief Conservator of Forests
in Mysore, Bangalore.

Abz 1B)

Sir,

Sub:- Handing over 20 Acres of land in Anathapur Forest S.No.44, Badami Taluk for the Horticultural Department.

Ref: Your kind letter No.B3 GFL-252/63-64, dated 19-11-1963.

-:-

SNSA 22/1

I write to state, that it is proposed by this department to open a Horticultural farm to help the people of Badami Taluk providing required fruit plants and vegitable seeds and seedlings. It is reported by the Viticulturist, Bijapur that a portion of the area in Anathapur Forest S.No.44 measuring about 20 Acres is ideal for and starting the farm. As per the sketch enclosed the marked area for the proposed Horticultural farm has to get the perennial water supply.

The president, Taluk Development Board and the people of Badami Taluk are very keen in having sucha a Horticultural farm, So that they can get the genuine plant material to develop Horticultural activity.

The soil and water fecility are quite suitable for opening a Horticultural farm along with the Forest wealth. Hence, I request you to kindly make necessary arrangements to transfer about 20 Acres of land out of S.No.44 as marked in the sketch enclosed to the control of his department.

An early favourable reply in this regard is very much appreciated.

Yours faithfully,

Director of Horticulture.

D 21/1

Sub: Handing over 20 Acres of Land in Ananthapur Forest S.No.44 Badami Taluk for the Horticultural Department.

Ref:-(1) Your letter No. AFD 14 FGN 64 dated 27-2-1965.
(2) Your letter No. AFD 14 FGN 64 dated 5-6-1965.

****

With reference to above I have to report that Badami taluk is very enterprising to take up Horticultural Development, there are no adequate nursery and orchard which would be model demonstration centre and a Propagation yard to create intensiveness and interst among local Horticultirist to take up Horticulture as a profession. With the intension of incresing area under fruit cultivation it would be very essentil to have a block of atleast 20 acres, where in, in the first instance 5 acres would be utilised for raising Nursery and rest of 15 acres for the establishment of a progeny Orchard and which will also be a model Orchard.

Considering the above facts may I request to communicate Government sanction for 5 acres, in the first Instance to start with the preliminary Nursery works. Early orders are awaited.

Yours faithfully,

DIRECTOR OF HORTICULUTRE
